

Call for applications

IDEX Université Grenoble Alpes

Master Scholarships

for the 2020-2021 academic year

Presentation of the call:

The « Initiative d'excellence » (IDEX in short) Université Grenoble Alpes is opening the 2020 Master Scholarship program. Applications to this program are open to foreign students (i.e. students currently enrolled in a University outside France) who apply to one of the Masters offered by the following higher education and research institutions: Ecole Nationale Supérieure d'Architecture de Grenoble (ENSAG), Grenoble INP, Sciences Po Grenoble, Université Grenoble Alpes (UGA).

Applicants can either apply to the first year of a Master or for the second year of a Master. The amount of the scholarship is 8000 euros for the academic year. If one of the two semesters is dedicated to a funded internship, the amount of the scholarship is reduced to 5000 euros.

The selection of the candidates will mainly take into account their academic record and their material situation.

Application process:

The application process is as follows:

- The student must **first** apply to one of the Masters offered by the above-mentioned higher education and research institutions. The application must be for the 2020-2021 academic year. Note that each Master has its own deadline for application.
- During the application process (or at the end of the application process in some cases), the student will receive the required information to apply for the scholarship.
- The results for the Master Scholarships will be sent shortly after the admission results for the Master to which the student applied.

Application period: from January 2020 to July 2021 (depending on the Master).
